Tommy Hyldahl

Pearl Floor Lamp - Brass

Product Description

A poetic balance of tradition and modern design, the Pearl Floor Lamp is a luminous tribute to the timeless beauty of Japanese lanterns.

Softly glowing from within, the opal glass orb is partially embraced by a delicately perforated metal screen, casting intricate patterns of light and shadow that shift with every turn. With its fluid adaptability, the rotating screen allows you to shape the ambiance, creating a lighting experience that feels both intimate and artistic.

Suspended within a sleek, sculptural frame, the pearl appears almost weightless an elegant interplay of material and light on three sleek graphical brass legs. Meticulously crafted from plated metal and hand-brushed to perfection, the Pearl Floor Lamp brings a sense of warmth, harmony, and quiet sophistication to any space.

Perfect beside a lounge chair, in a reading nook, or as a sculptural element in a living room, the Pearl Floor Lamp offers both soft, atmospheric illumination and a statement of refined design.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Pearl Floor Lamp - Brass

Family Description Text

A poetic balance of tradition and modern design, Pearl is a luminous tribute to the timeless beauty of Japanese lanterns. Softly glowing from within, the opal glass orb is partially embraced by a delicately perforated aluminium screen, casting intricate patterns of light and shadow that shift with every turn. With its fluid adaptability, the rotating screen allows you to shape the ambiance, creating a lighting experience that feels both intimate and artistic. Suspended within a sleek, sculptural frame, Pearl appears almost weightless an elegant interplay of material and light. Meticulously crafted from plated metal and hand-brushed to perfection, Pearl is available as both a pendant and floor lamp, bringing a sense of warmth, harmony, and quiet sophistication to any space.

Color Description

Hand Brushed Brass has a golden metallic tone that resembles gold but with a softer, more muted character. Fine brushstrokes create a silky matte surface, reducing shine and adding depth and movement. The result is a warm, elegant finish that feels both timeless and contemporary.

Pearl Floor Lamp - Brass

Maintenance Guide Description

Our lamps crafted in plated aluminium combine refined texture with modern durability. To preserve their finish and ensure lasting quality, gentle and regular care is essential.

The Hand-Brushed plated aluminium should be dusted with a soft, dry microfiber cloth. For deeper cleaning, use a slightly damp cloth with mild, pH-neutral soap, wiping gently along the direction of the brushing to preserve its linear texture. Avoid abrasive pads, harsh detergents, acidic cleaners, or metal polishes, as these can damage the plated surface and diminish its refined character.

The Perforated plated aluminium requires extra care. Dust regularly with a microfiber cloth or a soft brush to remove particles caught in the perforations. We do not recommend using water on perforated surfaces, as any moisture that is not dried properly may leave chalky drops or marks inside the holes. If cleaning is necessary, use only a dry microfiber cloth.

Always switch off and unplug the lamp before cleaning, and avoid exposing plated aluminium surfaces to high humidity or direct water contact. With consistent, gentle care, both the hand-brushed and perforated plated aluminium will retain their crafted elegance and refined shine ensuring the lamp remains timeless for years to come.

Materials Description

Hand-brushed plated aluminium reflects the meeting of craftsmanship and time. Each piece is plated and then brushed by hand, creating subtle variations in tone and texture that make every object unique. A final matte coating softens the sheen into a silky finish, enhancing the surface with quiet movement and depth.
