HIGHLIGHTS

- Multifunctional family of tables and benches in different shapes, sizes, materials, and colours
- CPH25 Table features a round tabletop and four-legged frame
- Available with tabletops and frames in a variety of wood types, materials, and colours
- The table is also available in other variants in the same collection – as a round table with three legs (CPH 20) and rectangular table (CPH 30)
- The series also includes an extendable version (CPH 30 extendable) and desks (CPH 10, CPH 90, CPH 190)
- Suitable for a wide variety of private and public environments

CPH 25 ROUND TABLE
DESIGN BY RONAN & ERWAN BOUROULLEC

Sharing the same characteristic angled legs as the rest of the Bouroullec brothers' Copenhague range, the CPH25 table features a round tabletop that softens the engineered expression. The four-legged table frames and tabletops are available in a variety of wood types, materials, and colours, with the possibility to select matching or contrasting combinations. Equally suitable for intimate meetings and larger, café-like environments, this versatile table has an ability to blend into private homes as well as public spaces.

CPH 25 Table Ø120 | Smokey blue linoluem tabletop | Deep blue oak frame

CPH 25 Table Ø140 | Burgundy linoluem tabletop | Bordeaux oak frame

EN TEST

EN 15372 - L3
Non-domestic tables

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
