The Moon Floor Lamp

Designed by

Kristian Sofus Hansen &
Tommy Hyldahl

The Moon Floor Lamp

Product Description

The Moon Floor Lamp is more than a source of light it is a sculptural masterpiece, a poetic fusion of balance and geometry. Every element is meticulously composed, harmonizing in a dance of perfect proportion.

Inspired by the ethereal beauty of the cosmos, this minimalist design embodies the quiet elegance of celestial bodies suspended in space. Two radiant light sources glow like distant stars, gracefully positioned along a hand brushed bronze plated aluminium arm. Floating effortlessly, an oversized hand brushed plated brass lampshade mirrors the moon itself, casting a luminous reflection from both sides and creating an atmosphere of depth, clarity, and quiet wonder. Grounded by a solid grey marble base, the Moon Lamp achieves the impossible a balance between weight and weightlessness, structure and fluidity, function, and artistry.

The Moon Floor Lamp is not just an object, but an experience - one that transforms a space into a sanctuary of light and serenity, a timeless statement, and an invitation to embrace beauty, simplicity, and the magic of illumination.

Perfect beside a lounge chair, framing a reading corner, or as a dramatic focal point in a living room, the Moon Floor Lamp elevates any interior with its sculptural presence and atmospheric glow.

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

The Moon Floor Lamp

Family Description Text

The Moon Floor Lamp is more than a source of light. It is a sculptural masterpiece, a fusion of balance and geometry. Inspired by the ethereal beauty of the cosmos, this minimalist design reflects the quiet elegance of celestial bodies suspended in space.

Two radiant light sources glow like distant stars along an aluminium arm. Floating above, an oversized lampshade recalls the moon itself, casting luminous reflections from both sides and creating an atmosphere of depth and wonder. Grounded by a solid marble or travertine base, the Moon Lamp finds harmony between weight and weightlessness, structure and fluidity, function and artistry.

More than an object, the Moon Floor Lamp is an experience. It transforms interiors into sanctuaries of light and serenity, whether placed beside a lounge chair, framing a reading corner, or serving as a dramatic focal point in a living room. With its sculptural presence and atmospheric glow, the Moon Lamp elevates every space it inhabits.

Color Description

Hand Brushed Brass has a golden metallic tone that resembles gold but with a softer, more muted character. Fine brushstrokes create a silky matte surface, reducing shine and adding depth and movement. The result is a warm, elegant finish that feels both timeless and contemporary.

The Moon Floor Lamp

Maintenance Guide Description

Our lamps in hand-brushed plated aluminium and grey marble combine refined craftsmanship with natural stone elegance. To preserve their finishes and ensure lasting quality, gentle and regular care is essential.

The hand-brushed plated aluminium should be dusted with a soft, dry microfiber cloth. For deeper cleaning, use a slightly damp cloth with mild, pH-neutral soap, wiping gently along the direction of the brushing to maintain its linear texture. Avoid abrasive pads, acidic solutions, harsh detergents, or metal polishes, as these may damage the plated finish and diminish its refined character. Take care when handling the aluminium shade, as its edges can be very sharp always clean with caution to avoid injury.

The grey marble should be treated with care to maintain its natural depth and veining. Dust regularly with a microfiber cloth, and if necessary, wipe with warm water and a very mild soap solution, then dry immediately with a clean, lint-free cloth to avoid water marks. Never use acidic cleaners (such as vinegar or citrus-based products), bleach, or abrasive pads, as these can etch or dull the stone's surface.

Always switch off and unplug the lamp before cleaning and avoid placing it in areas with high humidity or direct water contact. With simple, consistent care, the hand-brushed plated aluminium will preserve its crafted elegance, and the grey marble will retain its natural sophistication ensuring your lamp remains timeless and refined for years to come.

Materials Description

Our lamps unite the refined craftsmanship of hand-brushed plated aluminium with the timeless elegance of natural grey marble. Each material is selected for its character and contrast the cool precision of metal alongside the depth and individuality of stone.

Hand-brushed plated aluminium is finished by artisans, where each stroke leaves subtle variations in texture and tone. The result is a surface that feels both crafted and contemporary, its linear brushing catching light with quiet movement.

Grey marble, formed over millennia, brings natural strength and individuality. Its veining and tonal shifts ensure that no two pieces are ever alike, grounding each lamp in geological history while lending timeless sophistication.

Together, these materials balance raw permanence with human touch a composition of stone and metal that is both modern and enduring, functional and sculptural.
