Stingray Chandelier, Grande - Burned Black (5m)

Product Description

Inspired by the graceful movement of the stingray, the Stingray Chandelier is a classic 101 Copenhagen design presenting a harmonious fusion of soft curves and striking lines. The floating elegance of the Stingray lampshade takes centre stage, its sculptural form creating a dynamic interplay of light and shadow. As the perspective shifts, the lampshade subtly conceals and reveals the light source, offering a mesmerizing and ever-changing illumination experience.

The flexible, adjustable arms, allows for endless compositions, angles, and expressions. Adjust the direction of each light to ensure a tailored composition that enhances any interior.

The Stingray Chandelier is a striking centrepiece for dining rooms, living areas, or spacious hallways, where its sculptural form can be admired from multiple angles. Perfect above a dining table, it creates an intimate yet dramatic atmosphere, while in open living spaces it adds a sense of movement and elegance.

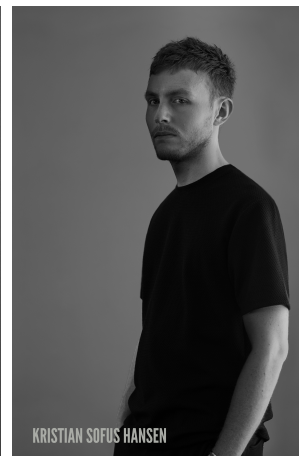

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

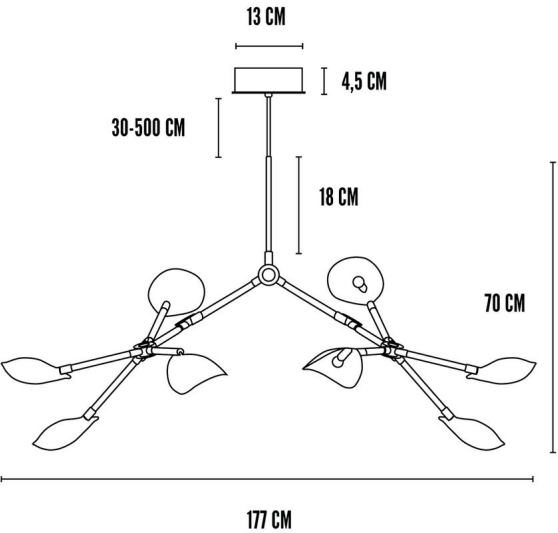

Stingray Chandelier, Grande - Burned Black (5m)

Family Description Text

Inspired by the graceful movement of the stingray, the Stingray Light Series is a harmonious fusion of soft curves and striking lines. The floating elegance of the Stingray lampshade takes centre stage, its sculptural form creating a dynamic interplay of light and shadow. As the perspective shifts, the lampshade subtly conceals and reveals the light source, offering a mesmerizing and ever-changing illumination experience. This exquisite design is showcased in a breath-taking chandelier, as well as a sophisticated table and floor lamp. The latter is distinguished by its three-legged structure, anchored to a half-circular base that brings rhythmic balance and effortless simplicity to the composition. Suspended from an adjustable arm, the Stingray lampshade hovers in perfect equilibrium, counterpoised by a delicate sphere an artistic expression of contrast and weightlessness.

Color Description

Burned Black is a deep, charcoal-black tone enriched with a subtle warm red undercurrent. Its matte powder-coated surface delivers a smooth, consistent appearance, while gentle tonal shifts emerge as light moves across it. Bold yet quietly warm, Burned Black brings depth, richness, and a refined architectural presence to any palette.

Stingray Chandelier, Grande - Burned Black (5m)

Maintenance Guide Description

Our lights crafted in powder coated aluminium are designed to offer lasting durability and a refined, contemporary finish. To preserve their beauty and ensure long-lasting performance, regular and gentle care is essential. The powder coated aluminium should be dusted regularly with a soft, dry microfiber cloth, and for deeper cleaning, a slightly damp cloth with mild, pH-neutral soap may be used, wiping gently to avoid compromising the coating. Avoid abrasive pads, acidic or alkaline solutions, solvents, or metal polishes, as these can dull, scratch, or damage the surface. Always switch off and unplug the light before cleaning, and prevent exposure to excessive humidity or direct water contact to protect both the coating and the internal electrical components. With simple, consistent care, the powder coated aluminium will maintain its elegant finish, ensuring your light remains beautiful and timeless for years to come.

Materials Description

Powder-coated aluminium reflects the balance of strength and refinement. Each piece is coated with precision, resulting in a smooth and uniform surface that emphasizes form and silhouette with clarity. The finish enhances durability while introducing a calm, tactile character that enriches the material's expression.
