Stingray Floor Lamp - Bronze

Product Description

Inspired by the graceful movement of the stingray, the Stingray Floor Lamp is a harmonious fusion of soft curves and striking lines. The floating elegance of the Stingray lampshade takes centre stage, its sculptural form creating a dynamic interplay of light and shadow. As the perspective shifts, the lampshade subtly conceals and reveals the light source, offering a mesmerizing and ever-changing illumination experience.

The exquisite design complements the now-classic 101 Copenhagen design of the Stingray Chandelier, as well as the Stingray Table Lamp. Distinguished by its three-legged structure, the floor lamp is anchored to a half-circular base that brings rhythmic balance and effortless simplicity to the composition.

Perfect as a reading light beside a lounge chair, as a sculptural statement in a living room, or as a soft companion in a bedroom, the Stingray Floor Lamp elevates its surroundings with both presence and ambience.

Stingray Floor Lamp - Bronze

Family Description Text

Inspired by the graceful movement of the stingray, the Stingray Light Series is a harmonious fusion of soft curves and striking lines. The floating elegance of the Stingray lampshade takes centre stage, its sculptural form creating a dynamic interplay of light and shadow. As the perspective shifts, the lampshade subtly conceals and reveals the light source, offering a mesmerizing and ever-changing illumination experience. This exquisite design is showcased in a breath-taking chandelier, as well as a sophisticated table and floor lamp. The latter is distinguished by its three-legged structure, anchored to a half-circular base that brings rhythmic balance and effortless simplicity to the composition. Suspended from an adjustable arm, the Stingray lampshade hovers in perfect equilibrium, counterpoised by a delicate sphere an artistic expression of contrast and weightlessness.

Color Description

Hand Brushed Bronze carries a warm grey metallic tone, softened by delicate brushstrokes that create a smooth matte surface. The finish reveals subtle variations in texture and depth, giving it a calm and understated character. Elegant and versatile, it bridges the richness of metal with a modern, architectural expression.

Maintenance Guide Description

Hand-brushed plated aluminium is sealed with a protective matte coating that preserves its soft sheen and quiet variations in texture. To maintain the beauty of your light, simply dust or wipe the surface with a soft cloth, using a little water only when necessary and always drying immediately afterwards. Abrasive cloths, brushes, solvents or strong detergents should be avoided, as they may damage the delicate brushed finish and its protective layer. The subtle variations in tone are intentional, a natural result of the hand-brushing process, and are not meant to be polished away. Always switch off and unplug the lamp before cleaning, and avoid exposing it to excessive humidity or direct contact with water. With gentle care, the surface will retain its richness and timeless character, carrying the traces of craftsmanship that make each piece unique.

Materials Description

Hand-brushed plated aluminium reflects the meeting of craftsmanship and time. Each piece is plated and then brushed by hand, creating subtle variations in tone and texture that make every object unique. A final matte coating softens the sheen into a silky finish, enhancing the surface with quiet movement and depth.
