Family Description Text

The Big Foot Collection is more than furniture; it is a sculptural language of bold forms and quiet strength. Rooted in the spirit of the 1970s yet reimagined for the present, it carries a presence that feels both commanding and inviting. Inspired by brutalist architecture and contemporary sculpture, each piece is anchored by its iconic cylindrical legs, modern in expression and timeless in character, lending every design a sense of quiet monumentality.

Within the collection, two worlds converge: the warmth of upholstery and the raw allure of fiber concrete. The upholstered pieces wrap their geometric silhouettes in softness, balancing resilience with comfort and offering a tactile invitation to pause, sink in, and stay. The fiber concrete designs, by contrast, suggest weight and permanence yet reveal themselves as astonishingly light, effortless to move, and full of surprising ease.

Every surface whispers a story. Upholstered in rich textiles, the pieces exude warmth and refinement, while the hand-painted concrete reveals a raw beauty that recalls the poetry of architecture and the fluid grace of sculpture. Together they speak in contrasts of softness and strength, permanence and change, intimacy and bold expression, woven into a harmonious dialogue of form and feeling.

The Big Foot Collection is sculpture for living. Each piece holds a commanding presence, whether standing as a centrepiece or quietly shaping the atmosphere of a room. With bold forms and hand-painted details, the collection transforms everyday function into art, turning spaces into sanctuaries where design and life merge seamlessly.

Color Description

Nude is the true natural beige tone of the hide, presented in its pure and authentic state. With its soft, velvety nubuck surface, this shade embodies raw simplicity and timeless elegance. Subtle and versatile, it provides a balanced foundation that pairs effortlessly with both warm and cool palettes.

Maintenance Guide Description

Nubuck is a natural leather with a velvety, matte surface that evolves gracefully with time. To maintain its softness and depth, brush the surface regularly with a soft nubuck brush to lift the nap and prevent dust or dirt from settling. Avoid contact with water, oils, or abrasive objects, as Nubuck is sensitive to staining and scratching.

In the event of spills, blot immediately with a clean, dry cloth--never rub, as this may push liquid deeper into the hide. For light marks, use a specialized nubuck cleaning block or brush; for more persistent stains, professional leather care is recommended.

To preserve its character, keep Nubuck upholstery away from direct sunlight and heat sources, which can cause fading or drying. With mindful care, Nubuck develops a rich, personal patina that enhances its natural elegance and individuality over the years.

Materials Description

Nubuck is leather at its most tactile, lightly sanded to reveal a velvety surface with a soft, matte finish. Its suede-like texture invites touch, while natural tonal variations and markings add depth and individuality. Sensitive to wear and environment, Nubuck evolves beautifully with time, developing a rich patina that reflects the intimacy of use and becomes uniquely personal.
