Beat Table Light

Black Polished Brass

The Beat collection transforms traditional water vessels and brass cooking pots into expressive silhouettes designed to refract a warm, golden light. Each piece is meticulously hand-raised, welded, beaten, and skimmed over a four-day process, resulting in a unique illuminated sculpture. Now re-engineered for an energy-efficient future with a custom integrated LED module. The collection features a refined exterior finish that creates a contemporary contrast against the rich, hand-beaten interior.
