Press Mini Surface Light

Frosted Pressed Glass

Designed using thick, industrially engineered glass, the Press Frosted collection introduces a sandblasted finish that transforms clear glass into a translucent matte texture. Bold in silhouette and simple in function, the beautifully ribbed glass refracts and diffuses the internal light source to project a soft, ambient glow across its surroundings. Bringing a solid weight and timeless aesthetic to any interior, this durable collection is engineered to cast a warm, welcoming illumination that effortlessly enhances your space.
