EAVE MODULAR SOFA
Designed by *Norm Architects*

EAVE MODULAR SOFA
Designed by *Norm Architects*

The Eave Modular Sofa Collection is distinguished by its curved armrests and elegant ease. Named after the lower edges of a roof that meet or overhang a wall, the architectural design is now updated with new seating modules that allow for further customisation to suit any and every need and space. Left and right facing seating modules in corner, open end and chaise longue shapes fuse style with comfort: timeless forms with deep, down-cushioned seats angled for support let you sink back and relax. Offered in a wide range of textile upholstery options from our collection, the Eave Modular Sofa is also available with bespoke upholstery.

“The sofa collection’s distinctive detail is its ‘eaves.’ The curved silhouette takes its cues from the lower edges of a roof that meet or overhang a wall to lend the furniture its expressive character.” – Norm Architects

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with Audo, helping to drive the evolution of the brand and its product offerings. Norm Architects’ name reflects the group’s emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement.
