Maintenance Guide Description

Silver Travertine is a natural stone, prized for its layered texture, subtle variations, and food-safe qualities. It can be enjoyed for both decorative purposes and serving. Clean regularly with a soft, damp cloth and mild, pH-neutral soap, then dry thoroughly to prevent water spots.

As travertine is porous, spills should be wiped away promptly to avoid staining, particularly from liquids such as wine, coffee, or oils. Avoid acidic or alkaline cleaners, vinegar, citrus, or abrasive pads, as these may etch or scratch the stone. For serving, use utensils with care and avoid cutting directly on the surface to preserve its finish.

With occasional sealing and mindful care, Silver Travertine will retain its natural depth, strength, and timeless beauty, enriching both everyday rituals and decorative settings.
