Toe Ottoman - Sheepskin

Family Description Text

The Toe Series is more than a collection of lounge furniture. It is an ode to the bold optimism of the 1970s space age, reimagined for contemporary living. Here furniture becomes sculpture and comfort becomes a form of architecture. Thick, fluted upholstery flows across seamless forms like a soft rhythm, shaping generous volumes that feel both expressive and serene.

Defined by rounded geometries and sculptural proportions, the series shares a unified language of tactile softness and effortless comfort. Seats and backrests are shaped from layers of premium foam, creating flowing contours that gently embrace the body while maintaining a strong architectural presence.

Most pieces express the purity of the upholstered form, including the Toe Ottoman, Toe Lounge, Toe Armchair and Toe Flat. The Toe Armrest Chair and Toe Sofa Armrest introduce a contrasting architectural element through solid oak armrests for indoor settings or teak for outdoor environments. Formed from thick planks and shaped like subtle wings, they provide natural support for the hand while also serving as a practical resting surface for everyday essentials.

Together the Toe Series transforms interiors into spaces of imagination where the spirit of futurism meets contemporary craftsmanship. More than seating, it is comfort shaped into sculpture and design distilled into poetry.

Color Description

A naturally warm sandy beige with unique tonal variations in the wool. The organic shifts in shade give the sheepskin depth and a gentle, inviting character.

Maintenance Guide Description

Sheepskin is a natural material prized for its softness, warmth, and luxurious texture. To maintain its beauty, shake or gently brush the surface regularly with a soft pet brush to restore the natural pile and prevent matting. Vacuum occasionally with a low-suction setting and a plain nozzle attachment avoid rotating brushes, which can damage the fibers.

For spills, act quickly: blot with a clean, dry cloth to absorb as much liquid as possible. Avoid rubbing, as this can push moisture deeper into the hide. Allow the area to air-dry naturally, away from direct heat or sunlight. For light soiling, use a damp cloth with lukewarm water and gently dab the area; for more persistent stains, professional cleaning by a specialist in sheepskin is recommended.

Keep sheepskin upholstery away from direct sunlight to prevent fading, and avoid excessive humidity or dampness to protect the hide. With regular care, sheepskin will retain its natural comfort, softness, and timeless appeal for many years.

Materials Description

Renowned for its natural softness, warmth, and lasting durability, Merino sheepskin from New Zealand brings both comfort and refinement to any interior. Its dense, silky pile creates a plush, supportive texture, while the timeless aesthetic lends subtle luxury and depth. Over time, this living material develops a rich character, balancing practicality with enduring elegance.

The finely crimped Merino wool produces a luxuriously soft yet resilient fleece, designed to feel both inviting and supportive. Crafted to the highest production standards and certified mule sing-free, this sheepskin reflects a commitment to both quality and animal welfare. Naturally enriched with lanolin, the wool carries a protective and self-cleansing quality, making it as easy to care for as it is beautiful.
