TECHNICAL DATA

This product is supplied with an integrated LED light source. The expected lifespan of the LED light source is 25,000 hours, which equates to 8-10 years of general use. The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified person. The servicing of the control gear in this luminaire should only be undertaken by the manufacturer or their service agent or a similarly skilled person.

FITTING TYPE | Integrated LED

POWER (W) | 4 W

COLOUR TEMPERATURE | 3000K warm white

ATTENTION

Ensure that the power supply to the circuit has clearly been turned OFF before installing the product. In some countries, electrical installation must be carried out by authorised electricians/contractors; please check with your local authority for guidance.

The product must not be modified in any way. HAY accepts no responsibility for any products that have been modified or tampered with. If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard. This lamp is designed for indoor use only.

NOTE | This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the equipment and receiver.
- Connect the equipment to an outlet on a different circuit to the one the receiver is connected to.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION | Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.
